Dear Parent/Carer

We are keen to ensure that all families with children up to the age of 16 years (19 years if specialist care is needed) who register with the practice are offered the support available from the local health visitors and school nurses.

To enable us to do this, can you please provide details of your child/children on the form overleaf. The form will be sent to the Child Health Records Department who will notify the local health visitor and /or school nurse (depending on the age of the child/children) of your move into the area. This will also enable the retrieval of your child/children's health records from your previous area of residence.

Included below are contact details of your local health visiting and school nursing service.

Kind Regards

Practice Team
